

Kent Foster Care Association

Transition to Independence Conference

This year the KFCA has undertaken as their major project a look at issues surrounding the transition to independence of LAC in Kent. Several workshops have been run to gather information from foster carers and we have had discussions with Catch22, Connexions, LAC Nurses, etc. We have gathered information on Staying Put pilots and other relevant issues.

If you have young teenagers or even younger ones (as they will one day become teenagers) then this is the conference for you. You will learn about the services available, how to access them; what changes are coming our way and have the opportunity to talk to the people concerned.

We have invited speakers from Catch22, Connexions, LAC Nurses, Aim Higher and an independent speaker on taxation and benefits related to supported lodgings.

The conference will be held on Wednesday 18th January 2012 at Lenham Community Centre at 10am with coffee and registration from 9:30. We will close by 2:30 and a light lunch will be served.

There are limited places available so we urge you to book your place as soon as possible. The closing date for reserving your place is 01 December 2011. Booking details are below.

To book your places please contact Maria Dobner providing your name and area (MK EK1 EK2 WK):
